

IN PARTNERSHIP WITH

WHO WE SERVE

HS Connect serves the Hidradenitis Suppurativa patient community, our families and friends, as well as those who treat our condition.

OUR VISION

To create a world where there is universal knowledge and understanding of Hidradenitis Suppurativa and the profound impacts it has on our lives.

OUR MISSION

To validate, educate, and empower the HS patient community to free themselves from the shame of this condition and live their lives to the fullest.

How skin conditions **IMPACT** patients

Hidradenitis Suppurativa is a chronic inflammatory skin condition that results in boil-like abscesses on our body. Most commonly affected areas include underarms, groin, inner thighs and under breasts, however, it can impact anywhere there are hair follicles, (anywhere other than the palms of the hands, soles of the feet and lips). HS has a huge impact on us physically, mentally, socially, emotionally, and financially.

OUR STORY

Denise Fixsen and Brindley Brooks were friends and advocates who worked together writing and editing articles and blogs about HS. HS Connect was born out of a need for a place to store and share these articles and information with the entire HS community. Denise has since retired and Brindley continues on with their work.

HOW WE MAKE AN IMPACT

We are a resource for all things HS, including:

- Research
- Mental health
- Emotional wellbeing
- Product suggestions
- Articles and blogs on all things HS
- HS Dermatologist lists for both adults and pediatrics
- Open surveys
- Clinical trials and studies
- Nutrition
- Triggers
- Where to find support
- Warrior stories
- Patient handbook
- Help for parents and kids
- Image library, links and printables
- Wound care
- Interviews and podcasts, and more.

Our goal is to validate, educate and empower ALL HS patients, those who care for us and help educate those who treat our condition as well.

AT A GLANCE HOW WE PROVIDE SUPPORT

HS Connect focuses on all of the ways that our HS impacts us, including physically, mentally, emotionally, socially, and financially by validating, educating and empowering the HS Community.
