As the largest consortium of skin disease patient advocacy organizations in the United States, we are sustained by member organization dues, sponsorships, investments and grants from industry stakeholders and in-kind contributions.

The Coalition of Skin Diseases (CSD) is a voluntary coalition of dermatological patient advocacy groups addressing the needs and concerns of the 84 million Americans whose lives are affected by skin disease.

Our Mission

The mission of the CSD is to advocate on behalf of individuals with skin disease by:

- Fostering education and awareness of skin diseases and disorders
- Advocating for access to appropriate and quality health care and treatment
- Contributing to burden and related skin disease research, and
- Strengthening dermatologic patient advocacy organizations through the sharing of mutual concerns
